TECHNICAL SKILLS

Languages: JavaScript, TypeScript,
Frontend: React JS, Next JS, Vite, Zustand, Redux, Tailwind CSS, GSAP, Three JS, Motion (Framer)
Backend: Node JS, Express, Fastify
Databases: MongoDB, Redis, PostgreSQL, Supabase
Developer Tools: Git, GitHub, REST APIs, WebSockets, VS Code, Postman, Docker, Antigravity

Experience

AL1   **March 2025 - September 2025**
Remote - Dubai, UAE

Full Stack Developer (MERN)
- Built and deployed a full-stack Web3 real-time application featuring live multiplayer interactions and event-driven state synchronization using Socket.IO with basic anti-cheat validation.
- Web3 Dev: Developed and deployed **SUI Move smart contracts** to handle on-chain DApp purchase transactions
- Deployed and maintained production MERN App on Cloud VPS with implementing CI/CD pipelines.

Technologies Used: React Js, Javascript, Node Js, Express Js, Mongo DB, Redis, Socket IO, SUI Move, Mysten Labs DApp Kit, Phaser Js

Projects

OpenBox   **January 2026**
- An AI-powered platform that helps developers discover open-source repositories and beginner-friendly issues based on preferred programming languages and experience level, improving contributor onboarding efficiency.
- Used **Modelence TypeScript framework** for its built-in authentication, AI modules, user management, and cloud infrastructure
- **Technologies Used:** React Js, TypeScript, Google Gemini AI, Modelence Backend, Tailwind CSS

Giftchain   **December 2025**
- Blockchain-based creator supporting platform *(alternative to Patreon/BuyMeACoffee)* integrating Solana SDK and SUI Smart Contract for transparent and secure crypto transactions.
- **Technologies Used:** React JS, TypeScript, Zustand, Fastify, Node JS, MongoDB, Tailwind CSS
- **Supporting Blockchains:** SUI & SOLANA

SUI DAO Voting App   **November 2025**
- On chain DAO Voting App on the Sui blockchain. Integrated Wallet Connecting feature into the DApp and created custom Sui Move smart contracts to record votes transparently, without a centralized backend or database.
- Stores all data, including Admins, Members, and Votes on the SUI Blockchain - Making it tamper-proof
- **Technologies Used:** React JS, TypeScript, Mysten SUI DApp Kit, Tailwind CSS

Education

Indira College Of Commerce & Science (ICSS), Pune   **2024 - Present**
BSc Computer Science
Current CGPA: 8.70
